FROSTLINE 5.0™

Athletic boot technology with flexible/lightweight neoprene, available in a range of fashionable colours.

FEATURES:

- **BREATHABLE** – honeycomb mesh panels help breathability and moisture control.
- **ELASTIC SUPPORT SYSTEM** – ESS™ and rib construction in strategic areas for a snug fit.
- **DURABLE** – reinforced high-friction areas such as heel and toe for durability.
- **TOE COMFORT** – seamless toe closure for ridge-free comfort.
- **PALADIN™ TECHNOLOGY** – Paladin bridging system (a u-shaped cushioned pad placed specifically on the top of the sock, protects the foot's bony provinces & helps circulation).
- **STAYS UP** – short, ribbed cuff for staying power.
- **EXTRA CUSHIONING** – strategically placed cushioning offering an anatomical fit. Cushioned heel, toe, ball of foot, and up the achilles.
- **EXTRA SUPPORT** – bandage knit around the ankle for additional support.
