

PROVEN PRODUCTS

CALF-TEL[®] *PRO II CALF HUTCH*

Designed for maximum labor efficiency, the Calf-Tel Pro II system is used by some of the world's largest calf ranches and dairy producers. With its crucial labor saving features, the Calf-Tel Pro II provides a cost-effective solution for your calf operation.

Paramount Calves, Darlington, WI

Shown with left offset shrouded entry

Largest Bedding Door of its kind.

Also available with a Full Open entry

Optional supplemental air vents

ADVANTAGES

Comes fully assembled - no time-consuming on-site assembly of multiple parts.

More useable interior calf space than other similar hutches.

The most efficient rear-bedding door of its kind.

Superior ventilation provided by both ridge top vents and an adjustable rear vent that provides a larger "open window of air" for your calf than does any other calf hut.

Extremely durable, but light enough to handle easily.

Completely opaque plastic protects calves from the heat of the sun in the summer and from excess condensation in the winter.

Galvanized steel base provides greater structural integrity than is found on other plastic hutches.

Exterior feeding for the highest labor efficiency.

Left or right offset shrouded entry, or a full open entry to allow even greater airflow.

Optional supplemental air vents available to further enhance ventilation.

SITE LAYOUT

With a fenced area, Calf-Tel Pro II dimensions are approximately 4 ft. (122cm) wide by 13 ft. (396cm) long.

We recommend 1 ft. (30cm) between the calf contact points of each unit with a fence.

■ FEEDING STATION

Dimensions	English	Metric
Outside	86.5" L x 48" W x 55" H	220cm x 122cm x 140cm
Inside Useable Calf Space	83.5" L x 45" W x 49" H	212cm x 114cm x 124cm
Hutch Weight	73 lbs.	33 kg.

Weight and dimensions may vary slightly.

More Useable Calf Space

Calf-Tel Pro II hutches have 16% more interior useable calf space than other similar hutches on the market. Outside measurements are useful in determining the space required, but inside measurements are critical in choosing the right size hut for your calves.
