**EXPERTS IN COW COMFORT**

# THE **promat** PRODUCTION LINE

It's a fact, a more comfortable cow is a more productive cow. And nobody offers cow comfort solutions like Promat. For the last 30 years, dairy producers in over 46 countries have relied on Promat's mattress solutions to ensure maximum comfort for their cows. From our revolutionary GELMAT DS to our latest addition, ProLock Mat, Promat has the mattress solution to meet your farms specific needs...and budget.

## WHAT IS THE RIGHT SOLUTION FOR YOU?

**1 GELMAT DS™** 

- Features the revolutionary Comfort Control System
- Allows you to control firmness depending on herd type
- Maintains stability
- Shock absorbency reduces injuries

If you want the best in terms of comfort, resting time and guaranteed durability, you want GELMAT DS - made even better with Comfort Control System.

GELMAT covered by U.S. Patent #9,049,841; CAN Patent #2,781,365; EU Patent Pending

**2 PASTURE MAT™** 

- Mimics a natural pasture
- Requires minimal bedding
- Provides stable footing
- Add Premium Pad (3/4") or Comfort Pad (1 1/2") for maximum comfort
- Is durable and shock-absorbent

For the industry's most proven product, the PASTURE MAT is the solution for you – as it has been for over 3 million cows worldwide.

PASTURE MAT is covered by EU Patent #02377903-0001

**3 PACK MAT - The Sand Saver**

- The sand and compost saving mattress
- Reduces sand and compost usage up to 70%
- Reduces stall maintenance labor
- Provides better footing than just sand or compost
- Stops cows from digging
- Easier for cows to get up and down

Why deal with mountains of sand and compost? Pack Mat is a more productive solution – for you and your herdsmen – saving you time and labour. For free stalls only.

**4 COMFORT MAT™** 

- Thick, high density 3" foam ensures long life and maximum comfort
- Plastic moisture barrier maintains integrity of foam
- Pressure relieving foam promotes improved circulation
- Tapered end provides for runoff and easy cleaning

For the ultimate and only 3" foam mat on the market, look no further than the Comfort Mat. The high quality foam in the Comfort Mat molds to the exact contour of the cow, giving her outstanding comfort and support.

**5 PROLOCK MAT**

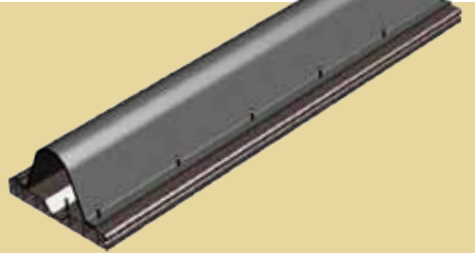

- Layering of high density 1 1/2" foam and rubber ensures long lasting softness
- Soft and comfortable elastic surface
- Plastic moisture barrier maintains integrity of foam
- Interlocking for ease of installation
- Rear slope provides for easy cleaning and dryness

Innovative hybrid design incorporating both rubber and foam to ensure a soft and durable lying surface

**+ POLY PILLOW™ AND BASE**

Recommended with all our free stall systems to help position the cow and maintain a clean stall. And less stall maintenance = a more productive dairy farm because you're free to do other things.
